Subject: OA Staff Advisory Council - OCFO Representatives

OCFO,

As many of you may know, the OA Staff Advisory Council stood up last Monday. The purpose of the Council is to provide a unified voice to the Director and Chief Officers to affect meaningful change on behalf of the OA workforce. The council serves as a bridge between staff and senior management to encourage employee engagement and enable honest communication.

The Council may also provide recommendations for OA-wide improvements, serve as a sounding board to potential policy changes or OA-wide Communications, create realistic solutions for staff issues, share anonymous information or concerns received from staff, and ensure management approved recommendations are executed.

Council representatives are expected to:

- evaluate and share information provided by staff with council officers and other members of the council during council meetings;
- share relevant information from council meetings with staff within their council divisions.

Your OCFO Council Reps:

Stay tuned for additional information about the Council's actions and alternate anonymous means of communicating with the Council. If you have any questions feel free to speak with any representative that you wish.

Best regards,
