**You will want to meet Monica Borine, PhD !**

Monica Borine is a Brazilian professor who founded the [Exopsychology Institute](#). As a psychotherapist, she has a deep background researching consciousness, anomalous phenomena, UFOs and abductions-contact for over 30 years. She is a specialist in the concepts and therapy of [orgone energy](#) as developed by [Wilhelm Reich](#).

This June, 2015, Monica and her colleague, Lorvel Rock, PhD, announced their online journal, [Exociência: A Multidisciplinary Approach to Consciousness and Anomalous Phenomena](#). The journal is published by Editions Mukharajj Institute of Rio de Janeiro & Integral Institute of Extension Education Awareness / Exopsicologia

Institute of São Paulo.

*Exociência* is the first journal of its kind in Brazil. It aims to democratize access to knowledge in multiple areas of consciousness including UFOs, ETs, and energy.

Michael Salla and I are honored to contribute to the inaugural issue of [Exociência](#).

You can support Monica by purchasing the journal online at

[>www.revistaexociencia.com.br](http://www.revistaexociencia.com.br)< The first edition of the journal includes articles by Michael Salla and myself in English as well as articles by Monica and Lorvel, Gilda Moura, and Ana Maria Dutrade Meneses de Carvalho in Spanish and Portuguese.
